 New Life
 "Reshaping Life in a
 Generous Country"

Newsletter 3

Newlife Project is a KA2 Strategic Partnership project funded by European Commission under ERASMUS+ Programme. Partner institutions from 4 EU countries (TR, PT, MT, GR) are responsible for the development of the project. Project will be disseminated internally at each participant organization (as some partners represent very big organizations, as the case of the Directorate of National Education, e-Learning Training Center, NGO and University) whose staff will be aware of the Project's existence and foreseen internal impacts.

New Life “Reshaping Life in a Generous Country”

**KA204 Strategic Partnership
ERASMUS+ Programme**

The third transnational meeting of NEWLIFE took place on 29-30 October in Naxxar, MALTA.

The general purpose of this meeting was to discuss about the progress of the Project from the previous meetings, the difficulties in the implementation and how each partner overcame them and to confirm the obligations of each partner until the next meeting in Porto.

The main purpose was to prepare essential approved documents to be used in Mobility Tool, to provide the essential approved financial documents, and to complete the interim report for NA.

After the first two meetings all national professional networks of each partner are aware of the project and in some particular cases also several external organizations are currently directly engaging in the project.

A common Quality Management Plan created by Çukurova University, TR and Apload, PT.

With the Intellectual Output 1 (IO1 - Needs Analysis Report - an indepth analysis was achieved and realized by delivering the Questionnaires and also IO2 - Review and analysis report ;the desires and learning needs of the educators ,adult woman refugees were analysed, the expectations of the educators and woman refugees on the web based education in general was determined .

The partner countries now are at the point of preparing a survey report on web based education.

The partners obtained a database for the potential users, woman refugees' education organizations in their countries and they determined the temporary education centers and the adult education organizations.

The present situation analysis was followed by questionnaires which reviews woman refugees' desires and needs for e-learning applications. All partners performed a survey that contains reports, teasers, conferences and journals, publications, books on woman refugees' education and training and submitted a report for their countries.

Acrosslimits

AcrossLimits is a dynamic Maltese commercial entity with its roots firmly derived from the new technology and media sector. In fact its core business is still centered around the areas of e-Business, Internet and Knowledge Management solutions for Small and Medium Enterprises. However in the last years, AcrossLimits has diversified and now is made up of 3 main divisions, namely Technology, European projects and Education.

AcrossLimits was established in June 2001 as a limited liability company, though its members already worked together prior to that date under a partnership agreement and in fact have been developing IT related systems since 1996. With representation offices in Italy, Spain and Greece, AcrossLimits is able to provide various services relating to Information Technology, especially focusing on its three core areas of eLearning, eHealth and Digital Culture.

During its 15 years lifetime, AcrossLimits has put together various projects that included eLearning platforms, quizzes, online games and simulations for the teaching of languages, sciences and cultural traditions from a mix of open source and commercial software.
